Permitted Uses:

- Use of the content on platforms including Twitch, YouTube, Discord, Instagram, and other digital media.
- Use for both personal and commercial purposes unless otherwise specified in writing.
- Basic adaptations such as cropping, resizing, and integration into personal or commercial media.

Restrictions:

- Redistribution or resale of any content in original or modified form is strictly prohibited.
- Uploading content to stock libraries, NFT platforms, AI training datasets, or similar services is not allowed.
- The content may not be claimed as your own intellectual property or be used in a misleading or deceptive manner.

Ronin Industries retains full copyright and intellectual ownership of all produced content, unless otherwise specified in a written agreement.

2. Licensing Terms

Unless otherwise agreed in writing, Ronin Industries grants clients a non-exclusive, non-transferable, lifetime license to use the delivered content as described above.

This license does not include:

- Exclusive rights of ownership
- The right to sublicense, resell, or redistribute content to third parties

Extended or exclusive licensing terms may be arranged by separate agreement prior to the start of the project.

3. Copyright Statement

All original content created and delivered by Ronin Industries is protected under international copyright law.

Clients are granted usage rights as specified above, but all rights not explicitly granted remain the property of Ronin Industries. Unauthorized use or distribution of any materials may result in legal action.

Significant changes to the original brief or concept may be subject to an additional fee.

Delivery times are estimated and may vary depending on the project scope and client response time.
